Vernon County **2020 Spring Drinking Water Testing Program**

Vernon County is happy to announce that for a limited time you can get more than **50% off of a water sample**.

If interested, you must contact Vernon County Land & Water at 608-637-5480 or smcdowell@vernoncounty.org. Participation is first come first serve and is **very limited** to 10 samples per Town (Township).

The total cost of the Homeowners Package Water Test is \$55. If you are selected (by email or calling ASAP), the cost to you will only be \$25! And we take care of shipping to the lab!
Only sign up if you are able to collect on May 4th and get the sample to one of the drop-off sites!

Next Steps if you are interested:

- Contact Vernon County Land & Water 608-637-5480 (Sarah) or smcdowell@vernoncounty.org
- Find out that you have been selected
- Pick up water sample from our office in Viroqua and pay \$25 share
- Be able to collect your Sample on **May 4th** and bring it to one of the drop off sites.
- Wait for results and information on when to attend water testing educational event (optional)

What you need to know:

- Call ASAP and make sure you pick up the testing bottle and can drop off on May 4th.
- All participants will be kept anonymous (Your results are your own!)

Vernon County Drop off Sites:

- | | |
|-----------|---|
| 7am-Noon | Viola Village Office building, 106 W Wisconsin, Viola |
| 7:30-Noon | Hotel Hillsboro 1235 Water Ave, Hillsboro, WI |
| 7:30-Noon | Red Mound Store E2184 WI-82, De Soto, WI |
| 8:30-4:30 | Vernon Health Department 318 Fairlane Drive (Erlandson) |

How to understand my results. What if my water tests come back with problems?

There is going to be an educational outreach event with presenters from the Stevens Point Water and Environmental Analysis Lab where we will discuss results and options for individuals that had any concerning contaminant levels. This event is being planned for late-June or early-July. Immediate questions or concerns can be directed to the Land Conservation Department.

Only sign up if you are able to collect on May 4th and get the sample to one of the drop-off sites!
